COPYRIGHT TRANSFER FORM

Paper Code: _____

Journal Title: _____

Article Title:

Author Declaration

1. I/We confirm that the article identified above is an original work, has not previously been published in whole or in substantial part, and is not currently under consideration for publication elsewhere. If accepted for publication, I/we will not publish the same article elsewhere without prior written permission from International Research Publication House (IRPH).
2. Upon acceptance for publication, I/we transfer to International Research Publication House (IRPH) the copyright in the article, to the extent permitted by applicable law, for publication, reproduction, distribution, electronic dissemination, archiving, preservation, and other ordinary scholarly publishing purposes in print and digital forms.
3. I/We confirm that I/we have the necessary authority to enter into this agreement and that the article is not subject to any conflicting copyright, publishing, or contractual obligation.

4. I/We confirm that I/we have obtained all necessary permissions for any third-party material included in the article, including quotations, figures, tables, photographs, or other copyrighted material, and that such permissions can be provided to IRPH if requested.

5. I/We confirm that all listed authors have approved the submitted article and its publication, and that sources and contributions have been appropriately acknowledged.

6. The author(s) may use the published article for reasonable personal, educational, and research purposes, subject to the journal's stated licensing terms. Public redistribution, republication, or adaptation shall be governed by the applicable licence or publishing agreement.

7. If a question or dispute arises concerning copyright, authorship, permissions, originality, or publication rights, IRPH may request relevant information or documentation from the author(s) and may take appropriate editorial action where warranted.

8. I/We understand that IRPH may make reasonable editorial and production changes required for publication, formatting, online presentation, archiving, and preservation, without materially changing the scholarly content of the article.
