Call for Papers

Editor-in-Chief

You Li,

Lineberger Cancer Center, University of
North Carolina at Chapel Hill, 160 Dental
Cir. 8032 Burnett-Womack Bldg, Chapel
Hill-27599, North Carolina, USA

Dear Colleagues,

We would like to invite you to submit manuscripts of your original papers, for possible publication in **Global Journal of Microbiology and Biotechnology (GJMB)**, which aims to publish all the latest and outstanding research articles, reviews and letters in all areas of major importance to Techniques of molecular biology and applied research. All submissions should be made electronically to the Editor-in-chief through: (EIC: irphramanand@gmail.com/irpeditor@gmail.com). More information on the journal and the publishing process can be obtained at: www.irphouse.com

Global Journal of Microbiology and Biotechnology (GJMB) is an International Journal. The journal also accepts submissions on all aspects of microbiology and biotechnology research from fundamental levels to advanced aspects in bacteriology, mycology and virology with their integration to the biotechnological aspects. Manuscripts which address applications of microorganisms in large scale industrial (Industrial Biotechnology) and environmental processes (Environmental Biotechnology) as well as those covering the indicators of global climate changes shall be included. Research on other topics, such as production of valuable microbial compounds via fermentation processes such as production of antibiotics, microbial enzymes, bio-fuels or pharmaceuticals in the context of bio-discovery and bio-business relating to sustainable global development shall also be included. Each issue contains a series of timely, in-depth written articles by leaders in the field, covering a wide range of the integration of multidimensional challenges of research including integration issues of the Microbiology and Biotechnology Research.

Submission: Authors are requested to submit their papers electronically to irphramanand@gmail.com/irpeditor@gmail.com with mention journal title (**GJMB**) in subject line.

Author benefits: The benefits of publishing in **Global Journal of Microbiology and Biotechnology (GJMB)** includes:

- **Fast publication times:** your paper will appear online as soon as it is ready, in advance of print version (review time of paper is 5-7 working days)
- Excellent editorial standards
- **Completely Open Access.**
- A rigorous, fast and constructive peer review process
- All abstracts and full text available free on-line to all main universities/institutions worldwide ensures promotion to the widest possible audience.

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this journal amongst your colleagues for possible contribution and subscription.

With kind regards,

You Li, Editor-in-chief

Global Journal of Microbiology and Biotechnology
